

TranquilAir™ System

Enhance the Patient Experience

Introducing a New Standard of Healthcare Comfort

The TranquilAir™ System brings gentle heat and air massage where it is needed most. Ideal for healthcare seating for dialysis centers, infusion and oncology clinics, and home healthcare. Patients can customize their comfort with adjustable heat and massage modes.

Our system includes:

- Two sets of air massage bladders
- Three air massage modes and three heat levels
- Two heat pads
- Mounted control
- Junction
- Power cord and power supply
- UL 60601-1 Certified
